

Visualize Software, Create Documentation Automatically

CasePlayer2

Create Flowcharts and other Documents Automatically from C Source Code

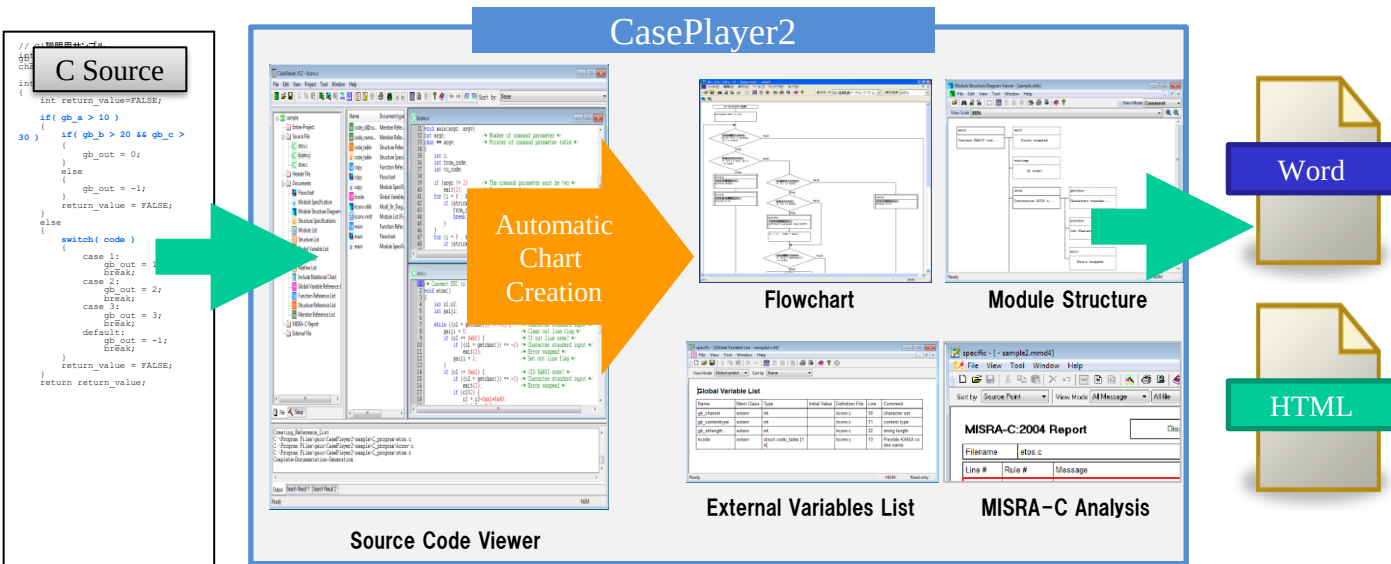

Check MISRA-C 1998/2004 Coding Rule Compliance

Certified to Automotive Safety Standard ISO 26262/IEC 61508

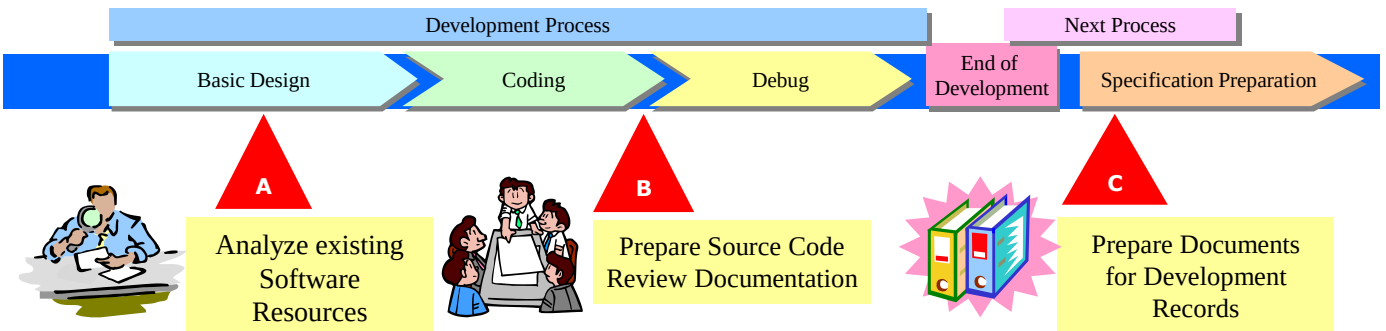

CasePlayer2

Product Outline

- ✓ Create Flowcharts and other Documents Automatically from C Source Code
- ✓ Check MISRA-C 1998/2004 Coding Rule Compliance
- ✓ Output Documents available in Word/HTML

Examples of Use

Product Features

- ✓ List of Documents that can be prepared ✓ Function Safety Certification

(ISO26262/IEC61508)

- Flowchart • Module Specification • Module Structure Diagram
- Module List • Structure Diagram • External Variable List
- typedef List • #define List • Member Function Specification
- External Variable Reference List • Function Reference List
- Structure Reference List • Class List • Class Specification
- Class Reference List • Member Function Reference List

Case Player 2 is Certified by the German Certification Laboratory TUV-SUD to be compliant with Vehicle Functional Safety Standard ISO 26262.
